JUDGING CRITERIA - Outstanding Club Initiative to Encourage the Next Generation

This award will be given to the car club whose initiative to recruit or support the next generation of classic car club members is an inspiration. Judges are looking to highlight the best club practices to:

- **attract new younger people to join up**
- **encourage existing younger members to become more engaged with club activities**
- **develop, educate and support young enthusiasts to treasure the UK's automotive heritage into the future**

This could encompass any activity which reaches out to engage with younger members or enthusiasts. From training or driving opportunities, to events or groups created for younger folk, or digital apps for their smart phones, the possibilities are endless. We look forward to hearing how your club has been encouraging the next generation to do more in the last 12 months.
